NICHE Assessment - Embrace your place

Niche dictionary definition: *A situation or an activity specially suited to a person's interests, abilities or nature.*

"What I am getting at, friends is that you should simply keep on doing what you've done from the beginning, you lived in responsive obedience, keep it up. Better yet, redouble your efforts. Be energetic in your life of salvation, reverent and sensitive before God. That energy is God's energy, an energy deep within you, God himself willing and working at what will give him the most pleasure." Philippians 2:12-13

PUTTING IT ALL TOGETHER: Write all your final answers below for each area to see the big picture of where your NICHE is and how God has Created you by DESIGN to serve.
